

LIFESTYLE MEMBERSHIP

At the heart of this category is what is known as the 'points' system. Under this system, Lifestyle Members pay an up-front fee of \$1,140 which includes 100 'points' and an Official Handicap and Golf Australia Insurance.

Features of the new lifestyle membership are:

- You will be credited 100pts worth of golf points each subscription year (these initial points will expire at the end of each subscription year).
- You can top up your account via the club website using our online PayPal account or at the Office (these points will not expire).
- You do not have to pay as you play
- If you cancel your booking, your points will be refunded
- The system is full automated and points can be tracked

**Remember that as a Lifestyle Member your account is already credited with 100 points. To calculate how much it will cost you for your individual playing habits simply multiply the number of times you play, on the different days available, by the points required for those days. If the points exceed your allocated 100 points, multiply each point that exceeds 100 by \$10 to calculate exactly how much it will cost you.*

Payment for Lifestyle Membership will be required upfront and not able to be paid in monthly instalments.
